The Unit Leader's Role

The Unit Leader's role is critical to the success of the youth unit leader in implementing the unit's goals. The Unit Leader must approve the youth's application.

How is the course set up?

The patrol method is used extensively throughout the training. Teams are on their own to set up campsites, cook some meals and carry out other activities without direct adult supervision. A Team Guide is assigned to each patrol to advise and be a resource to the participants throughout the learning process. The team/course setting provides an opportunity for participants to practice the newly learned skills providing the home unit with improved effectiveness and enthusiasm from the youth leaders. Team instructors will help guide this learning. The training guidelines and rules are the same for those found in the Scout Oath and Law, Venturing Oath and Law, the Outdoor Code, and other national and council practices and procedures.
